

The Forum of Women in the Environmental Field Presents:

# July Family & Friends Outdoor Event

Wednesday July 28, 2010, 5:30pm-7pm

Bloodroot

Join the FWEF for a visit to the Eloise Butler Wildflower Garden & Bird Sanctuary, the nation's oldest public wildflower garden. An experienced naturalist will guide us through the garden, leading us in fun activities, like a scavenger hunt. Bring binoculars for bird watching and a magnifying glass for viewing wildflowers and insects up close.

Don't forget your camera and wear appropriate attire, this event will happen rain or shine! A light dinner is included.

## Location

Meet us for dinner at Wirth Beach off Glenwood Ave in Minneapolis (find the map on our website & there will be FWEF signs pointing the way). Naturalists will guide us from there to the garden.

**Cost:** \$12 for members and students, \$18 for non-members, \$10 for additional attendees

**To attend, you must register online at [www.fwef.org](http://www.fwef.org)**

**RSVP** by Monday, July 26, 2010 (to avoid the walk-up fee)
